THE BLUEPRINT TO DESTROY THE FAMILY

"YE SHALL KNOW THE TRUTH AND THE TRUTH SHALL SET YOU FREE." [John 8.32]

About the Author: Lt Col Gordon "Jack" Mohr entered the Army as an enlisted man during the early days of World War II. He served with distinction in World War II and Korea, being promoted through the ranks to Lieutenant Colonel.

While working with the Korean Military Advisory Group in South Korea in 1948, he was captured by Communist-led rebels who attempted to take over the government through a military coup. He was held prisoner, tried by a Communist People's Court, tortured and sentenced to die at the hands of a firing squad. Making his escape through the miraculous intervention of a Korean sergeant, he made his way back to friendly forces and was on the 38th Parallel when the war began in June, 1950.

He is an author, lecturer and Fundamental Baptist Lay Evangelist, with 26 years of speaking experience that has taken him into 48 states and five foreign countries.

Those who scream loudest for "freedom of speech" are really screaming for "freedom to say what THEY want, while silencing anyone with whom they disagree."

"He who will not benefit from the mistakes of history, is bound to repeat them." Young people can do better, if they benefit from the mistakes of my generation; if they are willing to go into partnership with God, they can still make something worthwhile out of this sick old world. They have the choice of making the world a better place to live, a better place to raise their children, or they can let this world regress into savage slavery.

There is not a one of you who reads this message, who would shoot your watchdog, if he barked, warning of a break-in.

There is not a one of you, who if they were traveling down a highway and saw a sign that said: **DANGER! DETOUR! BRIDGE OUT!** would get out of their car and throw stones at the sign. I am going to put out some signs that say **DANGER!** in big bold letters! I am going to give you some facts you may never have heard before. Some of them you may not like very much, but I didn't write this article to be popular, but to tell you the truth. So I appeal to you to read very carefully; analyze what I have to say; then act on it.

WELL-LAID PLANS TO DESTROY EDUCATION

There are not many Americans intelligent enough and brave enough, to admit that America is being destroyed by well laid plans. This idea has been scoffed at by many intellectuals.

There are many leaders in politics, education, and religion, who fit the description given by Jesus of the religious hypocrites of His day when He said: "Woe to you lawyers! For you have taken away the key of knowledge; you did not enter in yourself, and those who are entering in you hindered," (St. Luke 11:52). You do not educate folks by telling them what they want to hear, but by telling them the truth. I am convinced we are living in the days predicted by the

Apostle Paul, when he predicted in 2 Timothy 4:3, 4, (NASB): "For the time will come, when they will not endure sound doctrine; but wanting to have their ears tickled, they will accumulate for themselves teachers according to their own desires and will turn away their ears from the truth, and will turn aside to fables."

I want you to remember that few things of importance happen without a plan. Behind every "earth shaking" event, is a blueprint.

President Franklin Roosevelt once said: "What happens in Government, never happens by chance; everything you see happening, is planned in some smoke filled room."

So what we see happening in our Government school system today, was planned a long time ago. There was a specific blueprint, even though the majority of teachers, parents, and school boards don't realize this. The fellows who drew up this blueprint knew! The top men in the National Education Society and the National Behavioral Laboratories knew, because they have been planning the destruction of education, as you and I knew it, for over fifty years. Every once in a while, one of them slips and "let's the cat out of the bag!" Every once in a while one of them gets to bragging about what they are going to do and their true motive surfaces.

[Such as when Dr. Quigley wrote 'TRAGEDY AND HOPE', which was reviewed by Cleon Skousen in 'THE NAKED CAPITALIST' - available from us for \$3 posted.]

EXAMPLES FROM THE CLASSROOM

"Jack be nimble, Jack be quick! snap the blade and give it a flick; grab the purse, it's easily done; plunge the knife and cut and run!" Did this little gem come from a sick comic book? No indeed, it is found in a textbook called the INNER CITY MOTHER GOOSE. It was one of the books the "extremists" in West Virginia protested against.

"I pulled out my knife. I tried to stab him ... There was a lot of blood."

"Things to think about: 'Why do boys sometimes fight with knives? or bike chains? or broken bottles? Why do they fight in gangs?'"

[I added that one from 'PATCHWORK TWO' by B. Carozzi, which book is used in Queensland schools, e.g. Pine Rivers High in 1973. Describing it as a book totally harmful to children, I tried (unsuccessfully) to have it banned from our schools. I urge others to try also. Ed.]

SITUATION ETHICS

Our discussion is going to center around traditional American values of decency and concepts of Christian morality versus a secular humanism idea which is being pushed in just about every facet of American life. This idea states there is no such thing as "right or wrong;" that all things are relative, and the actions one takes must depend on the situation. In other words, we are going to be discussing Situation Ethics.

In the Old Testament, Hosea 4:6, we read these interesting words: **"My people are destroyed for lack of knowledge!"** Notice it does not say **"lack of education,"** but **"lack of knowledge."** There is a great deal of difference in the two. Disraeli, the great British statesman once was quoted as saying: **"Education without God, turns men into clever devils."** This is exactly what has happened in America. We have turned loose from our schools, droves of "educated idiots", who are trying to run this country and everyone in it, according to their perverted ideas. God's Word warns us against this. Listen to Isaiah 5:20 - **"Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness; that put bitter for sweet, and sweet for bitter! Woe unto them that are wise in their own eyes, and prudent in their own sight."** (That word "woe, means "deep sorrow," while "prudent" comes from the Hebrew word "biyn", and means **"intelligent in their own sight."**)

SECULAR HUMANISTS PREPARE US FOR ONE-WORLD GOVERNMENT

Secular Humanists: The Apostle Paul describes these fellows in Romans 1:21, 22: **"Because that when they knew God, they glorified Him not as God, neither were they thankful; but became vain in their imaginations, and their foolish heart was darkened. Professing themselves to be wise, they became fools."**

We have hordes of this type in our educational system and standing behind the 'liberal' pulpits of America.

I will be talking about the "pseudo-liberal" (the fake liberal), who under the guise of humanitarianism, is trying to destroy the moral and spiritual foundations upon which this country was built and which made it great. The ones who are striving to weaken us from within, so that we can be assimilated into a one-world government, with a one-world church, which is their answer to the world's problems. It certainly will be "made to order" for the anti-Christ.

I have dedicated Christians tell me: **"The Bible says this will happen and you are fighting against God if you try and stop it!"** I say: **"rubbish!"** to this un-Scriptural idea! Nowhere does the Bible state that this will happen in our time, or to our country. If you don't believe that repentance of a country can change things, spend some time and read the third chapter of the book of Job.

JOHN DEWEY'S HUMANISM IN EDUCATION IS THE REAL ISSUE

The main issue in the foundation of modern education ala John Dewey, is the philosophy, or "religion" (the Supreme Court has stated that Secular Humanism is a religion,) of Secular Humanism, which seeks to do away with God, and all issues of right and wrong, superceding them with the thinking of an animal mind.

You and I will be judged, in this life and in the life to come, not by what we say we believe, but by what we do about it. If we believe in the wrong thing, no amount of enthusiasm on our part will make it right.

BEARER OF BAD TIDINGS NEVER POPULAR

There is no doubt in my mind, that some who read this article will be angry with what I have to say. I hope I stir you up a bit.

We will lose our freedom, when enough good folks, like you and I see bad things happening in our schools, our churches, our local government, and we sit back and say: **"I'm only one person you know, and besides, everyone knows you can't buck city hall!"** When enough decent Americans feel like this, we will lose our freedom.

It is sad but true, that most of the criticism I get, comes from the Ministerial Alliances of our land; from the men, who with a Bible under their arm, piously criticize the watchman on the walls, when he warns of the enemies approach. They are more afraid of his disturbing their people, then they are of the enemy who seeks to destroy everything they say they believe in.

NEVER LET IT BE SAID:

"America died, because the good people of America didn't want to be bothered!"

Now I want you to keep one thing in mind as you read this article.

I am giving you some warnings concerning educational trends in America, so that you can head-off unfortunate incidents which will hurt you and more importantly, your children.

I will not be going into a lengthy dissertation on sex education, sensitivity training, the new morality, situation ethics, filthy language, anti-American statements, and street language in the classroom. I will use some of these as examples.

You may be inclined to ask: **"Why discuss such a controversial subject in the first place?"** The answer should be obvious. Unless concerned parents, and concerned Americans, take immediate steps to defend the honor, integrity, and stability of the American family, we will lose this strong foundation upon which the strength of America was built. Make no mistakes about it, concerted efforts are underway to destroy your family!

HUMANIST MANIFESTO IS ANTI-GOD

Most of the educators in the country and by this I am referring to those in a position of authority, such as the National Educational Association and the leaders in the Bureau of Health, Education, and Welfare are promulgating the anti-God beliefs of their humanist idol, John Dewey.

This can be easily proven by reading Humanist Manifest II, as published in the Humanist Magazine of September-October 1973. Point One says: "We believe that traditional . . . religions that place God above human needs and experience does a dis-service to the human species; any account of nature should pass the tests of scientific evidence; in our judgment, the dogmas and myths of traditional religions do not do so. We find insufficient evidence for belief in the existence of the supernatural . . . we begin with humans, not with God."

EVOLUTION - TEACHING OF CRIMINAL MIND

Right here they begin by violating one of their most basic premises. One of their major education tools is the teaching of evolution as fact . . . a proven scientific fact. Yet the theory of evolution does not meet this criteria and even atheistic scientists admit that science is proving more and more, as time goes by, that it is pure "double-talk" to believe as fact, a theory based on the blind action of natural forces acting over millions and billions of years.

A few years ago, Dr. James Moore, an eminent scientist from Michigan State University, delivering the keynote speech before the American Society of Scientists, was quoted as saying: **"to teach evolution as fact in a public school, is the teaching of a criminal mind."** We find the main hypothesis of Humanism failing to meet their own scientific criteria.

EDUCATORS' GOAL - "PEOPLE CONTROL"

Educators, by their own admission, are concerned with "people control," through behavioral manipulation. Don't argue with me about this, read a few of their publications. Most of these fellows do not believe we "common folks" are intelligent enough to know what is good for ourselves and our families. It's not that these experts know better how to raise our children; they are working to control them . . . this is their main interest. The head of the American Society of Psychiatrists, returning from a visit to Russia, admitted that the psychologists and psychiatrists of Russia have been perverted as instruments of that slave state. (The same thing that happened in Nazi Germany.)

TEACHERS TO ERADICATE CHRISTIAN IDEAS FROM MINDS OF "INSANE" 5-YEAR-OLDS

Educator Ashley Montagu, speaking before 7,000 School Board members in San Diego, a few years ago, said: **"The reason I don't salute the flag is, number one, I don't believe in God, and number two, there is absolutely no justice in this country. And, furthermore, every child who enters school at the age of six in the United States is mentally ill, because he comes to school with certain values he has inherited from his family unit and his church."**

In Denver, Colorado, at the Childhood International Association meeting, Dr. William Pierce of Harvard University, spoke to almost 1,000 teachers and repeated almost verbatim, what Dr. Montagu had said at San Diego; he went a step farther: **"Every child entering school at the age of five is insane, because he comes to school with certain alliances towards the founding fathers, towards our elected officials, towards his parents, towards the sovereignty of this country, and so forth. It is up to you teachers, to make these sick children well, by creating the INTERNATIONAL children of the future."** Please notice carefully that word INTERNATIONAL, it is the key to what we are discussing.

The above statement dovetails with a teacher's handbook written a few years ago by radical

educator Paul Brandwein. In the first paragraph he states: **"The most important job you have as a teacher, is to tear down the erroneous ideas implanted in the child's mind in his home and church. Once you have done this, you can begin to lay the foundation of the education you desire."**

GOAL OF SEX EDUCATION TO ELIMINATE CHRISTIAN ATTITUDES

An often stated goal of sex education has been to **"eliminate harmful myths and hangups, fostered by the intolerable attitudes fostered by religious and puritanical cultures."** The International Congress on Mental Health, sponsored by the United Nations, in its first meeting in London, stated: **"People who vocally uphold the Constitution of this Republic are emotionally unstable, dangerous right-wing extremists."** In other words, people who dare to defend traditions in religion, manners, morals and politics, are castigated for inhibiting change which is **"beneficial" to society.**

HUMANISTS' MAIN AIM FREE CHILDREN FROM SEX REPRESSION

According to humanist jargon, repressive attitudes are represented by religious groups and these keep children from attaining their full potential as sexual beings. In the Humanist "gobbeldy-gook", children are **"not permitted to express their sexual proclivities and pursue their life styles as they desire."** This, to the Humanist, is repressive.

If American educators are going to consider all children insane, who do not meet their criteria, then we are going to have to look for a different definition of the word. The Humanist definition of the word "insanity," seems to be anyone who disagrees with their philosophy.

The philosophy of humanism is very simple. **"Everything is relative, which means dependent on something else, or not absolute. You are not to blame for your actions, because they are brought about by blind forces over which you have no control."**

This Satanic teaching abandons 2,000 years of Western Christian civilization and launches an attack against everything we have been taught that is good and sacred. If you want to understand Humanism, think of everything Christianity stands for, then look for the exact opposite . . . that's Secular Humanism. In spite of the fact that the First Amendment of the Constitution calls for "separation of church and state;" and this has been used to attack Christian ideals in our schools - this religion of man is being taught daily in our public schools.

Not long ago, Sidney Harris, the liberal syndicated columnist wrote: **"The biggest con artists in America are the behavioral scientists on our university campuses, who are devising all these innovative programs for the schools. They honestly believe, that only they, know what ideal behavior is."**

A SECOND DARK AGE

The pathway of history is strewn with the bones of dead civilizations and empires, which have rotted out from within, due to moral and spiritual decay; these crumbled long before the barbarians swarmed over their walls or battered down their gates. From the end of the Roman Empire to the beginning of the Renaissance, was a period of a thousand years, which is called the "Dark Ages." During this period, every institution known to man regressed, the question we must ask ourselves in these days is: **"Is the world entering another Dark Age?"**

Well over a hundred years ago, a British historian by the name of Thomas Lord McCauley, made this dire prediction concerning America: "Your civilization will be destroyed in the Twentieth Century, as the Roman Empire was destroyed in the Fifth. But the Huns and Vandals which destroy you will come from within, from your own institutions." We have seen the beginning of this prediction come true.

We have seen rioting in our schools in the name of academic freedom. We have seen the moral subversion of our youth in the name of higher education. We have seen the disintegration of once great churches, which have regressed from spiritual lighthouses to become "glorified religious country clubs" where people attend because of the social prestige they give.

LOSS OF PERSONAL FREEDOM

Our youth have been taught in the public school and often the church, that the most important thing in their life is to "do their thing." They have been brainwashed with the idea that personal freedom is the most important thing in the world, until in the words of educator Dr. Robert Fitch: "In their search for freedom, they are losing control of their own lives . . . they are losing what they say they want more than any other thing . . . personal freedom."

As a result, they have become slaves to dope and sex . . . and to the devilish theory of Marxism. In the rat race to be conformists, they have lost their individuality. History proves that physical slavery is always preceded by mental slavery. "As a man thinketh in his heart, so is he," the Bible tells us (Proverbs 23:7).

What I am going to try and do is analyze this loss of freedom and pinpoint the danger areas which threaten your family.

The recruiters for revolution are seeking to enslave our sons and daughters on the basis of "self-indulgence." They are promising our youth freedom, through the turning loose of their carnal natures. But freedom is a strange thing: "Freedom does not necessarily give a man or woman the right to do what they want. It gives them the right to do what is right." When people do what they want, with disregard for the law, you have anarchy. The Bible tells us of a terrible time in earth's history, when anarchy was widespread, it says: "Every man did that which was right in his own sight." It goes on further to state in Proverbs 14:12 - "There is a way that seemeth right unto man, but the end thereof are the ways of death."

Civilization cannot exist without rules of conduct. In fact, it cannot exist outside the rules laid down for happy living by it's Creator.

Point Five of the Humanist Manifesto calls for "maximum individual autonomy." Boiled down to layman terminology this is the "anything goes as long as it does not hurt someone else syndrome."

HUMANISTS UPROOT ALIENATING FORCES [i.e. CHRISTIANITY]

In Point Seven, they come up with this sinister threat: "Alienating forces must be eradicated or modified." In other words, Christianity must go if it comes in conflict with our desires.

You parents who read this article, what do you really want for your children?

HUMANISM IN SCHOOLS TO DESTROY CHILD

As we look at the problem being faced by our sons and daughters, I want you to remember that you are looking at a generation where respect for parents, for authority, for decency - where love of country and

God, has deliberately been destroyed. Then I will show you the end product. A generation of American youth which has been deliberately oriented to be confused, skeptical, aimless, suicidal and plain unhappy. The Humanist taught child is apt to reject his Christian heritage, his parents, his church, and the Judeo-Christian ethic which has made America the greatest nation in the world.

These young people did not just happen. They did not come about through some process of evolution. It was planned that they turn out that way. Many of the worst of them, come from our so-called "better homes." They are products of our superior (?) education system.

Public schools will continue to churn out totally humanistic young people, until informed and concerned parents and teachers can be made to realize what humanist teachings are all about. Parents must somehow be motivated to seek their inherent rights to have the religious and moral rights of their children left alone, not destroyed in the school. This is the reason millions of concerned parents in America are beginning to take strong stands for their "inalienable rights."

PARENTS, TEACHERS LEARNING TO REVOLT AGAINST HUMANIST TEACHINGS

We have seen only the beginning of this revolt. Americans are "fed up" with the permissive children of Dr. Spock and the destructive grandchildren of John Dewey.

Thank God for teachers who will still take a stand in our school system, but they are being weeded out at an alarming rate. Unfortunately, the vast majority of our young teachers, have been so thoroughly "brainwashed" in the liberal mind detergent of the National Education Association, they can't tell right from wrong. In case you don't know, this solution is made up of an ounce of fact dissolved in a gallon of hogwash.

Most of these teachers are starry-eyed idealists, who have been so totally immersed in the socialist ideas of their colleges, they have little or no determination left; they have little moral stability. Weak to them is good; lazy is good; authority and order is always bad. If America is to survive, we cannot afford the luxury of catering to crime, subsidized laziness, and unlimited education for all, with no responsibility on the part of those being educated.

Many of these young teachers, believe the observable falsehood that Communism is the trend of the future and that it will lead to an era of sweetness, light, justice, hope, and peace. Communism is nothing of the sort; it never has been and never will be - the nature of the beast makes it impossible to become so.

***** COMMUNITY TUTORIAL SERVICES *****

PARENTS - DON'T LOSE HOPE!

Even though Humanism is destroying children through Education, as this article points out, God is providing concerned parents with an alternative - the Accelerated Christian Education (ACE) Programme of schooling, that can be taught either in a private school set up by a church, or as Parent Home Education. The ACE Programme will also be available, God willing, in 1983, by means of a private tutorial service being organized on the Redcliffe Peninsula by STOP & CARE and ACTS, (Assn. for Community Tutorial Services).
